

## Supra HD

Supra HD or Heavy Duty clamps are developed for the most demanding applications. The rounded bords assure that the clamp won't cut into the hose during or after assembly. The revolutionary designed swivel bridge enables you to mount this clamp without having to remove the hose.

Following DIN 3017-3 and available in W2 and W4.

**W2:** zinc-plated bolt with stainless steel (AISI-430) band and bridge

**W4:** bolt in stainless steel AISI-302, band and bridge in stainless steel AISI-304

### Applications

For industrial and agricultural applications  
W4 version also suitable for food and marine industry
